

# Lexi v0.03 Walkthrough

This update takes us through Day4, and has over 400 new images.

The volume of the sound effects can now be adjusted in the Preferences menu.

At times I use image sequences that are easy to miss if you click to fast. Starting in v0.03, I will note that the next click will be an image sequence by placing (seq) at the end of the dialog preceding the sequence.

(NOTE: Any choice marked that \* in the walkthrough will be skipped if “Single Choice Buttons” is disabled.)

## Day1

### Home from rehab:

Leave\*

### Hotel Room:

Go To Room\*

Call Parker\*

**Ask Her or Not Interested** If you ask Chelsea to have a drink with you, there is a kissing scene in the hotel room later. This also opens a relationship with Chelsea, and a date with extras for a future update. For those expecting to see the sex scene from the demo, I wasn't happy with the quality of the scene even in a higher resolution. It will return in the near future and hopefully will look much better. I also liked the idea of this scene moving to a different location and point in time. Trust me...I'll make it worth the wait.

### Bar and Hotel Room:

**Lets Go** If the MC keeps drinking, he will pass out and wake up the next day. Additionally the planned date with Chelsea will not happen.

**Bathroom\***

**I'm free of Laura** (if you want to continue a relationship with Chelsea)

## **Changing**

**There are no choices in the in this scene because it is Lexi and Kaylee only. However if you have the extras pack the scene will run longer with some bonus images.**

## **The Alley:**

**There are two possible scenes that could play here, depending on what the player chose at the pool scene.**

**If the player chose to Listen In at the pool scene, the girls will be rescued before Lexi is traumatized. (+5 Trust, both girls)(+2 Love, both girls)**

**If the player chose not to listen in, the girls are more traumatized and the player gains less love and trust points. (+1 Trust both girls, +1 Love both girls) However Kaylee gains a certain fetish fantasy (+5 Lust Kaylee)**

**Take Responsibility.** (+5 trust, both girls)(+2 Love, both girls) If you chose to tell Sarah the truth, the MC will gain +5 Trust Sarah. However the MC will lose 1 Love and 1 Trust from both girls.

## **Day 4**

### **Morning:**

**Go to kitchen\***

### **Pool Game:**

**Compliment Her (+1 Love Lexi)**

This will cause Kaylee to get Jealous and want attention from the MC. Later on she will send nude pics to the MC's phone. This is the first of three conditions that must be met for her to send the nude pics.

**You're on**

This is the second event that must be met to receive nude pics from Kaylee. Additionally, this will trigger a call from the MC's bookie (in a later update). It's important to note that choosing not to bet will skip the rest of the pool game, which is a big chunk of this update.

### **How to play the pool game:**

You can choose to bet 50 or 100.

After choosing your bet, the MC will break. Then with each shot, Kaylee will try to distract the MC. If you choose to look, you miss the shot. There are 5 shots the MC can take, and you can look twice and still win the game. However there is a catch. If you look three times, you lose the game, but Kaylee will send nude pics to the MC later if you also made her jealous by complimenting Lexi earlier in the scene.

### **Lunch:**

Shortly after arriving Kaylee will send nude pics if the following conditions were met.

- **You complimented Lexi in the pool game**
- **You choose to bet on the pool game**
- **And you lost the pool game**

### **“Who’s (Player Name) Nash”**

This is the first choice need to open the Kiko route. If you don’t like Kiko, you can close her relationship with the MC by choosing “I’m not him”

### **“She’s cute”**

This is the second choice need to open the Kiko route.

## **Movie Night:**

**Straw Dogs or Gone With The Wind:** (+1 love for the Lexi if GWTW, or +1 love Kaylee if Straw Dogs)

The choice of movie will determine what girl is in the last scene of the day.

**They've been great** (+1 Lexi Trust)

I just realized that I need to make a walkthrough for those who want to be on Sarah's route, which will come later. For Lexi's route I recommend this choice. The other option is to tell on her, which will gain you +2 Sarah Trust, and -1 Lexi's trust. That option will be useful for Sarah's route later.

**Sit with Lexi or Sit with Kaylee:** (+1 love for the girl you sit with)

The choice of which girl to sit with is independent of what movie you choose.

Part of me wants to give you guys a little bit of a guide as to what will happen if you choose whatever movie, and sit with whatever girl, but there are four ways this can play, and I think you guys will enjoy them all. 😊

**Let her continue**

This choice is only available if you sit with Kaylee

**Cum** (+6 lust Kaylee)

This choice is only available if you sit with Kaylee

## **Security Check:**

**Check on her**
