1. Intro

During the intro you will be faced with a major choice.

- Try to focus on the lecture

If you choose to focus on the lecture you will be able to get a job at the school as long as you e-mail Helen. You will then be called to a meeting in Helen's office the following Thursday.

- Check out Professor Helen

If you choose to Check out Professor Helen you will be penalized with -5 affection. This can be restored if you keep going to lectures in the future. Once you reach 0 affection or higher you will be offered a chance to work at the school. You will now have an option to meet Helen in her office to discuss the position.

2. Post intro

After the introduction you will get a chance to see a tutorial of the interface. If you haven't played the game before it is recommended to go through it.

You will be able to do a number of things after the introduction but if you decided to pay attention during class then it is wise to e-mail Helen before anything else.

After this choose surf the web. This will unlock the ability to program which will come into play later in the game.

If you instead choose check out Helen then simply surf the web will be a good choice.

3. Pizzeria event

Once you have chosen "Surf the web" a new event will be triggered and you will be transported to the kitchen. Click cook dinner to trigger it.

During this event you will have a choice to make, you can either choose to:

- Insist on paying (\$50)

This will let you pay for dinner and will award you with +5 affection to Jenna. It will also leave you with \$0.

- Let Sarah pay

This will do nothing.

4. Post-pizzeria

You will now be able to do what you want.

The key factor here is to make sure you handle your energy with care, the main sources of energy reductions at this point are working, lectures and working out. You will also lose energy when switching locations, so it's advisable to plan your moves out.

If you have no money to buy food then make sure you don't overlap your energy increases. You have a couple of sources of major energy increases these are: Take a shower in the bathroom, take a nap in my bedroom and dinner with Sarah(see section 7.1.6). Later you will also be able to have lunch with Helen(see section 7.4.3).

To forward time if there is nothing available you can watch tv in the livingroom or you can click the time display on the screen.

5. Work out with Sarah

Sarah will be in the gym on Saturday at 08:00, you will be transported there and you need to click "Work out with Sarah", after this, a scene will play out and you will be able to work out with Sarah every day at 08:00. Working out with Sarah increases your agility by 1.

6. Jenna and Jenny's visit
