

First of all, please forgive my bad English.

SECOND HAPPINESS by VNorth

Until version 1.2

Mirenzo's personal walkthrough, sorry if I miss or wrong something.

Game is in progress so something can be changed by the developer.

Game isn't simple, events must be done sequentially from the first version to the last.

Focus on one event and try to end it, if you go ahead without finish it, will stuck later without know why.

The easiest but longest way to solve the game IMAO is do it character by character as I write here.

Document it's became longer so, from the version 08 ahead I've put some Bookmark starting from the Changelog that lead you to the proper section.

Changelog:

V 1.2

Shantrel Moira and Julia Walkthrough

Hints

1 - Give Shantrel much money you can, specially at the beginning of the game. Shantrel Friday and Sunday evening is out for shopping at work station, meet her, give her money (1000\$ all times). If you don't meet her, leave work station and enter again until you meet her. Time does not flow so you can try free.

2 - Education level: you can earn 11-13 point in a week but you lose -6 point at weekend. The education levels are 6: Slacker

(below 0), D-Student (you start here), Student (15), Nerd (25), King Nerd (50), cheater (90+). When you will unlock Brenda (the teacher) private lesson, you can gain more point.

3 – Choose one day a week preferably Sunday day time to earn impudence (click hot spot on armchair in your room). You can also increase your impudence going to Laura’s room at night when she’s drunk.

4 – Open computer and hit “SFX” to see where Shantrel is all week. Click X to exit. Check this more time because it change with your progress in the game. From the pc you can also buy some games to increase smartass.

5 – To open Shantrel and Laura room at night (when possible) and the bathroom when someone is inside, you need find "door locks Laura and door locks bathroom", to find these you must go to work at workshop until you find them. When you get them both, you can stop working there. Requisite to find both keys are: 9 smartass and 15 experience point at workshop (you gain 0,5 point each time you work there).

6 – When you have to choose between more options and you are unsure what to do, save game and try all.

7 – In this game there are multiple very important Hotspot. Hotspot means a clickable word visible only if you move on with the mouse. Hotspot are sometime very important to go on with the storyline and sometime less important helpfull only to see the end of some sequence.

8 – Sunday morning go to bathroom and repair it (If Lala/Laura spawn answer “No” all times). You will gain +1 point in manuality helpful for lock picking.

9 – The first hotspot you will meet is “Tickle” at Shantrel shin under table during breakfast alone with her. When you click it Shantrel move his legs. The most important "hotspot" I will tell you where and when they spawn.

10 - MC = Main Character, the name you give your Hero.

11 - Sometime, during dialog, you will see a heart with a bra or the word "End" or a "?" inside. "Bra" means start event, "?" means ongoing event but answer can be correct or not, "end" = event end.

12 - You can start work Workshop/Office only on Saturday/Sunday so the first week you can't work. You can also work Saturday and Sunday if you want.

13 - School level. The school level are 6: Slacker (below 0 point), D-Student as you start, Student (15), Nerd (25), NerdKing(50), Cheater(90). Recently a counter was added from developer to see your status.

14 - Money, you can carry with you until 4995 bucks, if you carry more one thief show up and steal all your money but 50 bucks. First 2-3 week in game you need to be robbed at least 1 time to meet the policewoman.

15) Smartass level grow up automatically with your school level. If you need increase it yourself, can read some books or buy games with your pc.

16) Beware the daytime play, each days is divided in 4 time period 6 hours each starting from Night/Morning/Day/Evening so if I tell you to go Shantrel bedroom Tuesday night, means Monday past Evening.

17) Do Not use cheat to exaggeratedly increase your stat, this game have a cheat detector that stop the game and fuck all your saves files.

18) You can give Shantrel money evening time all days of the week, normally 200\$.

Let's go start play.

First main event trigger when Shantrel refuses to give you a kiss Monday/evening/kitchen and MC says " I will ignore her for a week". To trigger this event you need have given Shantrel 10.000 \$, touch boobs 15, 5 "UP" dress and 5 Grope boobs.

1^ week Monday/morning: go Shant room, go breakfast. Day time go school. Evening time go kitchen, give money, get your first Heart Start.

exit house, go work station, go Store, look for Hotspot "buy" up the cup, buy more coffee you can (max 5), exit, go home. Hit "Wait", you are now Tuesday night time, go Shantrel bedroom, hit "Talk nonsense", hit "Don't sleep" option, see the scene Mc touching Shantrel boobs. If you don't take coffee before, you fall asleep!

Tuesday/morning, go hall, sleep Lala, go kitchen for breakfast, hit Tickle hotspot (see hint 9), nothing important happen for now but segue doing this all times. You will see the progress.

This is how this game work, repeating some actions you can have progress or unlock new menu, unlock new quest or end quest.

Go to school, back home, go bathroom, hit Knock, give money to Shantrel, go your room, hit Read, this means read some random books, sometime you can read Playboy or books to pass time or books that increase your smartass. Sleep.

Wednesday/morning, all Wednesday/morning Shantrel come to clean your room, go hall, Kitchen and Breakfast, go school, back home. Hit "Let's talk", money, Yeah, your room, sleep.

Thursday/morning, hall, kitchen, breakfast, school, evening go beach, meet Shantrel, give her money...

hit Move, get one Heart Start.

Back home, your room, sleep.

Friday/morning, hall, kitchen, breakfast, school, evening meet Shantrel at workstation, if she's not there, Leave and reenter until you meet her, time don't flow, give her 1000\$. Leave, go home, your room, Read, Sleep.

Saturday/morning, Hall, Bathroom repair, go workstation, hit Workshop, hit Get the job, answer Maybe it's not so bad, Leave, go home, your room, sleep. First day at work.

Sunday/morning, that's my moment to increase impudence but you can choose any day you prefer just 1 time at week. Go work but leave at evening to meet Shantrel and give her 1000\$. Do this back to work until night.

Ok first week is done, from now on play yourself, your daily path must be: Breakfast, School, money to Shantrel, work, sleep.

Remember, Tuesday night, go sleep with Shantrel, Thursday evening beach with Shantrel choose "Pretend to be asleep" to touch her boobs. Friday and Sunday evening meet Shantrel and give her 1000\$.

Wednesday and Saturday Home/Hall/evening choose "Let's Talk/Money/Yes" and watch TV with Shantrel. Try all options.

Tuesday/evening/bathroom. Look for hotspot "panties" on the floor, pick them and try both the option you will have.

When you reach impudence 11 you will see on Monday/ evening/kitchen Shantrel dressed with a red dress, bottom dress hotspot "UP", press Up, you need 5.

At breakfast alone with Shantrel you now have 2 options, hit "Tits"

From now on Friday and Sunday evening you will find Shantrel at the kitchen, hit "UP" hotspot again.

Breakfast alone with Shantrel now, after the 2 option and "tits" you can have random, 3 new option, chose "Grope", you need 5.

When you are sure to be done with 5 "UP" dress, start to give Shantrel money in the kitchen.

After a while she becomes angry and stop kiss you, continue give her money until... (look image).

Now start avoid her, stay in your room, read, go only school at day, no work, no breakfast, don't give her money, "Ignore them" Wednesday and Saturday, sleep in your room for a week better two because a week in this game is Sunday – Sunday. After this on Monday/evening/kitchen go give money to Shantrel and... (look image).

Next morning she call you her room.

Now we will prepare for the second event (2 weeks row without go to school), hard because you will lose impudence and education level so study hard and never forget add impudence. This second event don't have any warning, you have to do this when you notice that can't do any progress in any place with Shantrel. Take in mind this, with 35 impudence and 30 Smartass you can do all the game until this version 0.6. When you do the second event you will lose about 2 education level and 8-10 impudence.

Ok, back to play now. Do the same routine: breakfast, school, money to Shantrel and go to bed with her as much is possible. Try to advance in all scenes, repeat them until you can't advance more.

When you wake up in Shantrel bed and she's not there with you, next 2 times choose "Sleep" option until... (look image).

Next Tuesday night go Shantrel room, choose "Sleep" and.... (Look image)

Next step is to buy Shantrel a new swimsuit on Saturday at the dressing store with 3500 bucks. The dressing store is up the coffee store on the right just hit the BADGIRL lighted sign. Give it to Shantrel Thursday at the beach and develop all the relative scenes.

When you go to Shantrel room Tuesday night you have now 2 options, try both but the most important is "Bad Dream".

Shantrel now on the Monday/evening/kitchen wear the old black/white dress.

Go on until you have 35 impudence, 30+ smartass, school Cheater and be sure all the scenes are blocked (no more progress). Now stay in your room 2 weeks, (start from Monday morning) no school no nothing, first week on Monday evening Shantrel come to your room, beat you and go away, get heart start. Stay home another week, next Monday Shantrel come again and beat you but at the end bring you on the chair and make peace.

You lose about 6 impudence and several school points so back to school and do the normal things.

When you reach about 30-31 impudence now Friday/Sunday/evening/kitchen hitting "UP" hotspot you must have 3 options, try them all.

We are searching now for the most important hotspot in this game so far. Hotspot "Tickle" on Monday/morning/breakfast. Do all the "Bad Dream" options Tuesday/night/Shantrel bedroom at least 3 time each. Kitchen/evening/Friday and Sunday until Shantrel give you a semi BJ. Develop all the TV scenes Wednesday and Saturday. Done all this you are blocked again. Stay 1 week without go to school, again Monday evening Shantrel come

to your room and (look image), choose "NO", make peace again and go back to school.

Continue now all the other unfinished options until earth end, don't forget at Monday breakfast to hit the "Tickle" hotspot. Repeat them all at least 3 times.

All the Shantrel end version 04.

Version 08

Event Threesome Ella/Jenny/MC

All the story is developed Saturday and Sunday day time on the beach.

There are 2 sequences that need to be performed exactly, one on the bar and one on the beach. Save before.

The volley game is involved but you need to loose all the time so it's easy.

The volley match score minimum required is 2 match loose and 2 match give up but I think you have enough in your basket so maybe at first try the event trigger.

Event trigger when Ella speak about her fat belly at bar table.

Go start. Play and loose volley, go to bar, don't touch Ella ass hotspot, go table, choose "Touch" option. All this need be done the same all the time so I will explain only once.

Under table you will see a series of Hotpots and one option "Don't touch".

For better clarification I will assing a Capital letter to every actions:

A = Jenny Foot

B = Jenny Shin

C = Jenny Thigh

E = Ella Foot

Click mean Left mouse button on DIALOG BAR

Never click twice, click only once when I write Click.

Some hotspots allow one animate sequence that MUST be completed from your pc not from you, if you click the sequence stop and you must restart from your save.

The right sequence is:

A – B – C – C – Click – B – Click – Click – Click – E – Click – Don't touch.

If everything goes well Maya get up and go home, Jenny and Ella want go to the beach, you answer Yes.

If something go wrong, all go home.

On the beach: now you have 4 options see pict.

Fastest way I found is:

Repeat 5 times Sleep + Touch Ella. You need 5 different days (Saturday and Sunday only). You get 2 Heart start, 3 heart ?,

1 Touch Jenny +1 H ?

1 Touch Jenny +1 HS

1 Touch Jenny = go for threesome.

1 Sleep + Move = Heart end.

9 Days total.
